

the hitching post November

What We are Learning this Month:

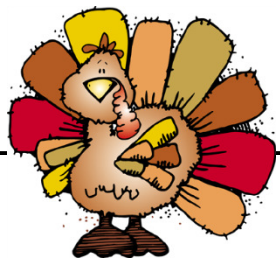

Math: Multiplication and Division Unit. We will solve problems using number sentences and models (arrays and pictures). We will continue to practice our Addition and Subtraction.

Reading: We will be doing the Comprehension toolkit Stand 1 and 2 which focuses on monitoring our inner conversations and making tracks of our thinking using post it notes or writing in margin. It also focuses on connecting new thinking with old thinking.

Social Studies/Science: We will be finishing the Wetlands unit. This covers food chains/webs, types of wetlands, dangers to the wetlands, animal adaptations, and more.

Writing/Grammar: We will continue the writing process and adding details to our writing. Grammar will focus on nouns and verbs.

Meetings/Goal Setting: We will finish the 7 Habits of Happy Kids and review all of them.
